

# Elvis Presley, If I Get Home On Christmas Day

If I get home on christmas day  
I won't need soft words to say  
I'll miss you and I can stay a while  
You'll see it in my eyes and when I smile

If I get home before midnight  
While you're still sleeping tight  
I'll take you in my arms and there you'll stay  
If I get home on christmas day

Writing letters everyday  
Never really seem to say  
The way I feel deep in this heart of mine  
Thought I'm half a world away  
If we're patient and we pray  
Know I'll get my chance with you this time

If I get home on christmas day  
I won't need soft words to say  
I'll miss you and I can stay a while  
You'll see it in my eyes and when I smile

If I get home before midnight  
While you're still sleeping tight  
I'll take you in my arms and there you'll stay  
If I get home on christmas day  
I'll take you in my arms and there you'll stay  
If I get home on christmas day
