

# Elvis Presley, It's Only Love

(Words & music by James - Tyrell)

I see the the sunlight in her hair  
I feel the warm smile that she wears  
She has no recipe for love  
But I just can't get enough  
From the distance of my mind  
Clock that's ringing says it's time  
Wake up to my destiny  
It's time to face reality  
It's only love that I feel inside  
But I'll get by somehow  
It's only love, there must be something else for me girl  
I tell myself that it's not real  
There's nothing left for me to feel  
I'll just be going on my way  
Tomorrow brings another day  
Only love that I feel inside  
But I've got to be strong  
My mind's made up, it's only love  
But I know I'll get by, take my heart and my pride  
And just throw it aside  
It's only love  
It's only love, it's only love, it's only love  
It's only love  
It's only love
