

# Elvis Presley, Love Coming Down

I remember how your eyes used to light up  
Over promises that I made  
But for the first time in my life  
I know now how it feels to be afraid  
I don't know what I'd do if you go away  
This would sure be one lonely old town  
For a man's so busy going up in the world  
That he couldn't see love coming down  
Love coming down

I remember all the times you told me  
Love's all that matters to you  
And looking back now, wondering how I believed  
I had things more important to do  
I can see how I must have looked to you  
Like some fool on a merry-go-round  
And that a man's so busy going up in the world  
That he couldn't see love going down  
Love going down

Can't you see how everything I've learned  
Would just be wasted if you leave me  
If you just give one more try  
I swear I'll always be here when you need me  
If you can find it in your heart to forgive me  
I'll try to keep both my feet on the ground  
But if a man's so busy going up in the world  
That he couldn't see love coming down  
Love coming down
