

# Elvis Presley, The Next Step Is Love

(Evans - Parnes)

Yesterday, I slipped away  
The sun is welcoming the evening shadows  
On a perfect day and the next step is love  
The next step is love

We walked barefoot through the misty meadows  
Laughing at each other in the rain  
Made some faces at some people in the park  
Didn't bother to explain  
Fun, fun, look at us run  
Going nowhere special really fast  
But we've yet to taste the icing on the cake  
That we've been baking with the past

And the next step is love  
So what are we waiting for?  
The next step is love  
Girl, it's for sure

Love will be a place to run to  
From the world they've built to you and me  
We'll be closer than we've ever been  
Though looking back it's so hard to believe  
Hang it all out or bring it all in  
The best we've picked upon the way tonight  
Changes are coming but together  
We can make it through somehow

Yes the next step is love
