

Elvis Presley, There's A Honky Tonk Angel

When was the last time you kissed me
And I don't mean a touch now and then
It's been a long time since you felt like my woman
And even longer since I felt like your man
So tell me if you think it's over
And I'll leave it up to you how it ends
'Cause if you don't want the love I can give you
Well there's a honky tonk angel who will take me back in
You never look at me and say "I love you";
How much more do you think I can stand
Oh, there's an old friend out there and she's waiting
Lord she's happy just holding my hand
So tell me if you think it's over
And I'll leave it up to you how it ends
'Cause if you don't want the love I can give you
Well there's a honky tonk angel who will take me back in
Yes, there's a honky tonk angel who will take me back in
