

Elvis Presley, What A Wonderful Life

(Words & music by Wayne - Livingston)

It's a wonderful life

This life I'm livin'

What a wonderful life, days with a life of ease, oh-ho-oh

Well, I've got no job to worry me

No big bad boss to hurry me

It's a wonderful life life's good to me

It's a wonderful road

This road I'm travelin'

It's a wonderful road headin' beyond the hills, oh-ho-oh

Oh it may go straight or it may detour

But one thing that I know for sure

It's a wonderful life, life's good to me

Don't know where I'm goin'

Don't care where I'm goin'

Like the four winds are blowin' I go on

Laughin' the day away, lovin the night away

Till the moon is gone

It's a wonderful life

This life I'm livin'

What a wonderful life

Livin' the life I love, oh yeah

Well I've got neighbors, I've got friends

Just about anywhere the rainbow ends

It's a wonderful life, life's good to me

Don't know where I'm goin'

Don't care where I'm goin'

Like the four winds are blowin' I go on

Laughin' the day away, lovin the night away

Till the moon is gone

It's a wonderful life

This life I'm livin'

What a wonderful life

Livin' the life I love, oh yeah

Well I've got neighbors, I've got friends

Just about anywhere the rainbow ends

It's a wonderful life, life's good to me

What a wonderful life, life's good to me, yeah

Crazy life, life's good to me

Oh what a life
