

# Elvis Presley, Witchcraft

(Bartholomew - King)

Don't do that, please stop it  
Please stop it now  
You know I can't take it  
Please stop it now

My head is spinning a spell on me now  
My head is spinning around and around  
My head is spinning around and around  
Your witchcraft has got me  
Keep going down and down

Let me forget her, don't mention her name  
You know it brings back that old burning flame  
It hurts to know that she doesn't feel the same

I can't go on since she left me alone  
My one desire now is to cry, now to cry  
She might come back one day by and by and by
