Elvis Presley, World Of Our Own

ou kiss me darling, a miracle starts A magic feeling, comes into our hearts The spell of love began, when we're alone And we're in, a world of our own

You say you want me, and music I hear Touch me my darling, and clouds disappear The sky is bright above, and cares have flown And we're in, a world of our own

Holding you close, is heaven

Only I know, what it's worth Knowing you're mine, forever Is the greatest wonder on earth

Nothing can change it, the magic's begun When we're together, our hearts become one I find a happiness, I've never known When we're in, a world of our own

When we're in...a world of our own
