

# Elysian Fields, Get Rich

Why shiver baby?,  
The shakes don't suit you well,  
I'm on fire lately,  
Why contort yourself,  
When you could get licks off of me?,

Why so sullen baby?,  
Your face might freeze like that,  
I've got heaven waiting,  
Why keep holding back,  
When you could get bliss off of me?,

Your luck runs here,  
Where are you going?,  
It's so clear,  
Still you don't know it.

Who needs gurus baby?  
Who needs Hubbard?,  
I've got lessons waiting,  
They just don't cover,  
Why don't you get wise off of me,

Your luck runs here,  
Where are you going?,  
It's so clear,  
But still you don't know it.

Stuff those mushrooms baby,  
Lose that hookah,  
I pack a wallop,  
And I'm no palooka,  
Why don't you get hits...,  
Why don't you get rich...,  
Why don't you get bliss...,  
Off of me
