

Elysian Fields, Sugarplum Arches

Engrave me with that base
And shudder
You can't save me
Raving rampant stroking
Mad vein voltage burn
Electric shock love
Gotta lock my eyes
Make it hum make it hum
Over the river and thru the woods
Shoot your honey dove
Shoot your honey dove
Raking the air with those sugar plum arches
Queen Bone above
Queen Bone above
Cheeky
Baring down to gnaw at the fruit of your tree
To the ends of your root
Flank embankment
Sell my sullied rich and rising
Spanking dank sharp pain
Snaky bleeding heart brain
Over the river and through the woods
Shoot your honey dove
Shoot your honey dove
Raking the air with those sugar plum arches
Queen Bone above
Queen Bone above
Lemme be your salt lick
Salt lick salt lick
Lemme be your salt sap
Wet lap dream
Mad vein voltage churn
Rubbing gutter butter
Gotta sigh hip rise
Make it hum
Make it hum
Make it hum
Make it hum
Make it hum
