## Elysium, 4.48 (For Sarah)

hey little girl hope you guess my name let me now eliminate myself serial victim - a black sheep jaded & amp; chronic castaway well she is all alone absent, alien, frozen heart still believes in nothing in her solid garbage bunker from the hour zero - damned polluted neverland yesterday frames - torn apart I'll paint the sky in dissonance no good ever comes of this as I fuck up old fairytales intravenous bitter pills suck the light out from my eyes stripped of all but troubles download damaged passion razorblade - highway to hell suicidal hollow showdown hooks in my dried skin acrid, dready, dull & amp; tied hide'n'seek - playin' dead now scavenge silver dazzle don't need another devil's advocate encouraged doctors hope to leave before the dawn I'd never bite this hand
