

# Embrace Today, Failures

I wont hide behind my fuckign words or my failures.  
I dont want you to fucking pray for me  
because I've been here a thousand times before.  
I never know what the fuck is in store.  
and I dont want you to fucking pray for me.  
I wont hide behind my fucking words.  
Some believe that everything in life comes for free.  
I will work until I bleed because anything doesnt come for free.  
I've been here a thousand times.  
I never know what the fuck is in store.  
I dont want you to fucking pray for me.  
and your days your fucking days wont come.  
when everythings the same.  
you say that things will change.  
things wont change i will never hide behind my words.  
things wont change and i will never turn my back on my friends.  
Things wont change.
