

Embraze, Sweet Hate

The world is not ment for us
It's place for people who believe in fairy tales
But we don't even listen to the voice
Of mother earth she's not feeling very well

Think yourself

We are not the only ones who had killed the earth
The master, the blame

Who are the leaders, who are trusted ones
They will never hurt you
They just want your soul
Life is not going to end
They'll put the right spirit to mother earth
That will be the victory of this clan

We want it, we need it
So do you know what you must do?
The world will be a better place for love
Who knows maybe even hate
But no-one knows how to love
We are so evil
Hate is so sweet, oh as sweet as your heart

The earth will turn black, it will burn
No life just us, we will rock there
Until we die, we are not able to do

Cause you know
They will never hurt you
They just want your soul
Life is not going to end
They'll put right spirit to mother earth
That will be the victory of this clan

If you believe in these words
Not that kind of the world
