

EMD, Baby Goodbye

You might think that I am radical
but I can't go around pretending life is fine, no, no.
Dont even miss when love was magical, no,
so please dont bother buying me flowers when youre gone, gone,
Ref.:

Baby goodbye, baby farewell.
I dont wanna lie
'cause we can stay together, my friend.
This is the end.
The picture is drawn.
Youre not even on because youre gone, gone, gone.
I never been the common quiet one.
When people say that I am off the leash
Ive not even begun, -gun, -gun.

Ref.:

Baby goodbye, baby farewell.
I dont wanna lie
'cause we can stay together, my friend.
This is the end.
The picture is drawn.
Youre not even on because youre gone, gone, gone.
I dont wanna see.
I dont wanna know.
I dont wanna hear.
If you are alone.
Im feeling so free now that youre gone, gone, gone.

Ref.:

Baby goodbye, baby farewell.
I dont wanna lie
'cause we can stay together, my friend.
This is the end.
The picture is drawn.
Youre not even on because youre gone, gone, gone.
Baby goodbye, baby farewell.
I dont wanna lie
'cause we can stay together, my friend.
This is the end.
The picture is drawn.
Youre not even on.
Baby goodbye, baby farewell.
I dont wanna lie
'cause we can stay together, my friend.

Baby Goodbye!!
