

EMELINE, STRUT

I like turning heads, breaking necks
High heels in the morning
And catch your breath, break a sweat
Leave the suckers snoring

All these saints are watching me
My sex life like TMZ
You're welcome, bitch, the show is free

don't do the walk of shame, I strut (Strut)
You can suck my dust (Dust)
Blow a kiss goodbye, I got mine, love
I don't do the walk of shame, I strut (Strut)
I just came to fuck (Fuck)
Blow a kiss goodbye, I got mine, love
No, I don't do the walk of shame, I strut

They say, I'm tragically obsessed
Hot mess, God forbid
I'm getting what I like
Every night, make 'em livid

All these saints are watching me
My sex life like TMZ
You're welcome, bitch, the show is free, mm

I don't do the walk of shame, I strut (Strut)
You can suck my dust (Dust)
Blow a kiss goodbye, I got mine, love
I don't do the walk of shame, I strut (Strut)
I just came to fuck (Fuck)
Blow a kiss goodbye, I got mine, love
I don't do the walk of shame, I strut

I don't do the walk of shame, I strut
I don't do the walk of shame, I strut
