

# Emerald Sun, Call In The Night

Stranger...  
My thoughts are crawling in the night  
Sorrow...  
The sky is falling, agony

"Bridge"  
I wait in front the mirror for an answer I really don't know why and for what My flame is fading, I 'll s

Terror...  
My eyes are blind, can't look your face  
Nightmares...  
Have stole my dreams and took your place

"Bridge"  
How many days have fell into my suffer  
How many tears have filled my nights with pain  
I'm still alive but deep inside I'm dying  
I'm screaming can't you hear me call the night?  
"Chorus"

The creepy silence  
I 'm laughing loud  
Fire is burning  
My soul

Stranger...  
My thoughts are crawling in the night  
Sorrow...  
Can't you hear me calling...?  
in the night
