

Emerson Drive, Love's A Trip

This is crazy
I've been swept away
It's amazing
I'm walking around in a daze
It hit me from the blindside
But I could see that it was right
Looks like I'm in it for the ride of my life

CHORUS

Love's a trip
It's a one way ticket
To a destination that's unknown
Take a chance and go for it all
Love's a trip when you fall
Love's a trip when you fall

She's perfection, an angel in my eyes
Keeps me guessing, every turn is a surprize
With the body of a woman, the spirit of a child
Everything about her drives me wild
Yes it does

REPEAT CHORUS 2 TIMES

Love's a trip
Oh, Love's a trip
