

# Emerson Drive, My Best Lover Was My Best Frie

We'd sing love song  
and dance all night.  
We'd hold each other  
till mornin light.  
Even when the bad  
had gone on home  
Our two hearts  
were going strong.

Chorus:  
My best lover  
was my best friend.  
Tell me God Why  
it had to end?  
I miss her laughter,  
I miss that grin.  
I miss my lover,  
I miss my friend.

They carried you  
into the other room  
and said it was almost time.  
Joy filled the air  
as the tears fell from your eyes.  
And when the time had come  
and you saw that life begin  
You never knew that  
another life would end.

Repeat Chorus

So now the flowers are  
being laid on your grave.  
Every shattered dream  
is being soaked by the rain.  
God may have taken  
you from this world,  
but he left me with an Angel  
"Our little girl. "
