

Emerson Drive, Sweet Natural Girl

Barefoot walkin' on a white sand beach
Fishin' on a log in a backwoods creek
A baby in a month and a baby on her hip
And when I kiss her on her lips
It's all

Flowers and sunshine
Spring rain in the summertime
I swear I get so high on that sweet natural girl of mine
Sweet natural girl of mine

No matter how much she dresses it down
Turn every head turn every head as she walks through town
Slip off swimmin' in a creek somewhere
Cause all my baby ever wears
Are those

Flowers and sunshine
Spring rain in the summertime
I swear I get so high on that sweet natural girl of mine
Sweet natural

My oh my
Look at that girl standin' right there all natural
Walking through the garden lettin' down her hair
Throwing down a blanket and layin' right there

Flowers and sunshine

Yeah

Flowers and sunshine
Spring rain in the summertime
I swear I get so high on that girl of mine

Flowers and sunshine
Spring rain in the summertime
I swear I get so high on that sweet natural girl of mine
Sweet natural girl of mine
Sweet natural girl of mine
