

Emerson, Lake & Palmer, On My Way Home

ON MY WAY HOME
(Keith Emerson)

On my way home, marching all night, is the light still on?
All through the battle been waiting
On my way home, so much of life left behind, so much ahead

[Instrumental Break]

On my way home, marching all night, is the light still on?
All through the battle been waiting
On my way home, so much of life left behind, so much ahead unknown
On my way home, marching all night, is the light still on?
All through the battle been waiting
On my way home, so much of life left behind, so much ahead unknown
On my way home, marching all night, is the light still on?
All through the battle been waiting
On my way home, so much of life left behind, so much ahead unknown

In Memory of Tony Stratton-Smith
