

Emigrate, Face Down

Relieve me
The weight is glued
Deceive me
Forget about the truth
Don't read me
I'm so transparent
Don't feed me now

Face down
Too guilty to be happy
Right inside
Too guilty to be happy
Face Down
Too guilty to be happy
Right inside
Too guilty to be happy

I lust for
Thrill and danger
Don't trust me
I've said it all before
Believe me
I want forgiveness
You see me
Stripped and naked
I live for
A taste of violence
I'm dying
To get another breath

Face down
Too guilty to be happy
Right inside
Too guilty to be happy
Face Down
Too guilty to be happy
Right inside
Too guilty to be happy

Face down
Too guilty to be happy
Right inside
Too guilty to be happy
Face Down
Too guilty to be happy
Right inside
Too guilty to be happy (happy)
