

Emigrate, I Have A Dream

It's getting dark
Gotta close my eyes now
Going far don't know where to find you
Gonna take everything I can now
Gonna make my dreams rise up and stand
I've had a taste, gotta feed my hunger
Satisfy desires goin' further

Can you feel me?
Can you see me?
Can you hear me?

I have a dream (dream)
A dream I'm going somewhere
I have a dream (dream)
A dream that masses will share
I have a dream (dream)
A dream I'm going somewhere
I have a dream
I have a dream

I see a light it's time for me to wake up
And I have sight, gotta start to shake up
Prophetic thoughts feel me release
Gonna make my dreams rise up and stand
I've got to will this, in the dark
I have got to fill this, make my mark

Can you feel me?
Can you see me?
Can you hear me?

I have a dream (dream)
A dream I'm going somewhere
I have a dream (dream)
A dream that masses will share
I have a dream (dream)
A dream I'm going somewhere
I have a dream
I have a dream

Loving father put away
All the wrongs I've done today
Make me sorry true and good
Make me love me as I should
Make me love me as I should
Make me love me as I should

I have a dream (dream)
A dream I'm going somewhere
I have a dream (dream)
A dream that masses will share
I have a dream (dream)
A dream I'm going somewhere
I have a dream
I have a dream
I have a dream
