Emilia, Tell Me Why

I can't remember when we use to share the same bed
You have your arms surround me
When I was afraid
No one else could make me feel the way
Like you did
Deep inside my lonely heart
I long for you
To take me home
Where we belong together
Why do you make me feel
Like I'm not here

*Chorus
Tell me why
Have I done something wrong
Tell me why
What we had, was so strong
There's no one like you
So, what can I do
I need to know
Tell me why

Baby, do you really feel the same (ah)
I keep asking myself
Am I too late
How can something that seemed so right
Turn out wrong
Baby

Deep inside my lonely heart
I long for you
To take me home
Where we belong
Together
Why do you make me feel
Like I'm not here

*Chorus

If you could only see
What you have done for me
Wish I could turn back time
Can't get you off my mind
ouhhhh yeah

*Chorus (2x)
