

# Emiliana Torrini, Nothing Brings Me Down

Home alone and happy  
Nothing brings me down  
Full of wine and steady  
Nothing brings me down  
What's left of the rain runs down my roof  
Nothing brings me down  
The night is lush the air is still  
Nothing brings me down

Dum dum dum dum dum dum

The windows are open, the flies are in  
Nothing brings me down  
The phones are off the music's on  
Nothing brings me down

Dum dum dum dum dum dum

Home alone and happy  
Nothing brings me down  
My love for you is ready  
Nothing brings me down  
My love for you is ready
