

Emilie Autumn, Find Me A Man

Find me a man who would die for me
Find me a time that is past
Find me an ocean without a sea
And I will follow at last

Find me a man who would die for me
Find me a time that is past
Find me an ocean without a sea
And I will follow at last

Find me a man

Find me a man who would die for me
Find me a time that is past
Find me an ocean without a sea
And I will follow at last

Find me a man who would die for me
Find me a time that is past
Find me an ocean without a sea
And I will follow at last

Find me a man who would die for me
Find me a time that is past
Find me an ocean without a sea
And I will follow at last

Find me a man

Find me a man who would die for me
Find me a time that is past
