

Emilie Autumn, How Strange

When you are sleeping do you dream of me?
How strange, how strange
'Cause you know what they say
About the visions in your head and what they mean
How strange, how strange
That you should feel that way

I'm not living in an ordinary world
'Cause I'm not your ordinary good girl
And I don't believe in playing like I know that game
You're not heading for an ordinary love
'Cause I'm not the one that you should think of
And I'm not a prize that you can claim

Chorus:
You know I think it's strange
Just a little bit deranged
That you think I'm gonna change to make you happy
If you can tell me why
I should wait around then I
May be coming down
But until then this means
You can see me in your dreams

When you are sleeping do you
When you are sleeping do you
When you are sleeping do you dream?
How strange

I'm more than happy in my candlelight
How strange, how strange
That you should come to my dominion
In the middle of the darkest night
How strange, how strange
That you should even try

I'm not living in an ordinary world
'Cause I'm not your ordinary good girl
And I don't believe in playing like I know that game
You're not heading for an ordinary love
'Cause I'm not the one that you should think of
And I'm not a prize that you can claim

Chorus

Supernatural, yes it's true
Tell me what are you gonna do
About this love
Are you strong enough
To love me for the way I am?
I don't think you understand
That you can't hold me in your hand
If you want me
You had better find a way to show me
But don't you think you know me
'Cause I'm not looking for a boy to call my own
I'll do just fine alone

Chorus

I don't come when you call
I don't try to be nice
I don't care after all
I don't take your advice

I don't answer your prayers
I don't do as you say
Love, if you really care
You'd better find another way

Chorus

When you are sleeping do you
When you are sleeping do you
When you are sleeping do you dream?
