

# Emilie Autumn, If You Feel Better

If you feel better  
Telling me I'm cruel  
Saying I'm unfeeling  
I don't mind  
If it's necessary  
If it helps you out  
Crying that I'm heartless  
It's alright

Chorus:  
And I'm sorry to cause you so much pain  
And I'm sorry to bring you down again  
But I've reached the end and I won't fight anymore  
I don't know what you really want from me  
But I don't fit in your reality  
How can any man be so blind  
But if you feel better  
I don't mind

If you feel safer  
Keeping to yourself  
Placing trust in no one  
I won't cry  
If it calms your conscience  
Making me the guilty one  
Take my reputation  
Ain't worth much  
And it's alright

Chorus

Won't make me sorry 'cause I'm cruel  
Won't hurt the feelings I don't have  
Won't break the heart that isn't there you'll find  
But if you feel better  
Telling me I'm cruel  
Saying I'm unfeeling  
I don't mind  
I don't mind  
I don't mind
