

Emilio Navaira, Life Is Good

Chorus:

Life is good in my hometown
Got a steady job all my friends around
A place to relax
After a long hard day
Where the band is hot
And the beer is cold
Folks 'round here
Have a lot of soul
Life is good
And I'm a gonna keep it that way

Spend all my day in my office job
Well it's a shame I gotta work so hard
It's Friday now
My working week is done
My truck's gassed up
And ready to roll
I got my little darlin'
And she's ready to go
Life is good
I got it made
It's time to have some fun

Chorus

My truck's gassed up
And ready to roll
All you gotta do is say the word "go"
Life is good
I got it made
It's time to have some fun

Chorus

Life is good
