

Emily Lily, Believe dreams

Don't you worry

It is crazy

I am a girl

I am following the intuition

The irony of fate

But smile

believe it

what you are dreaming of

Chorus: Believe dreams

don't believe in what they are saying other

because it is idiotic

Believe in your dreams

even if you were the last person

who believes in it

Trust me

It is clever

I am a girl

I am following dreams

I'm swearing

But smile

Believe in yourself

And one's dreams

Chorus: Believe dreams

don't believe in what they are saying other

because it is idiotic

Believe in your dreams

even if you were the last person

who believes in it

The fact that you are yourself doesn't mean that you are bad

And what's more is cool!

Chorus: Believe dreams

don't believe in what they are saying other

because it is idiotic

Believe in your dreams

even if you were the last person

who believes in it
