

Emily Lily, Broken heart vs love

1. I was happy, I thought that I wouldn't already meet you
I loved are ordering moment of the life, to sure about the time

Chorus:

Suddenly, I felt that it was love

Love which became real

Everyone knew about it,
although I didn't want it!

I knew that at one time I would say,
that ending of this Love Story.

You were it one to the million. You missed a chance.

2. I cried, because I knew that privately I loved you!

By people I said "I hate", privately "I love";

Chorus:

Suddenly, I felt that I had lost you

Love which already vanished!

Everyone knew about it,
and it is a former untrue.

I know that at one time I will say.

I will say aloud still I feel something towards you!

You are it one to the million. At least I'm denying!

Say something, walk one word.

I will say two.

I will say two sincere words.

"I HATE YOU";

"I LOVE YOU";

(Alone no longer I know)

Im dreaming of in order to fall in love with you.

Im dreaming of in order to look you in the eyes

Im dreaming of it, in order to... to be with you.

ALREADY FOREVER!
