

Emily Mei, MANIA (Where Them Girls At)

Eyes on me
What you see?
Never fakin, no no

Wanna fix
What they fear
Know I can't be controlled

Thank you, but no thank you I can do it do it better
Tell me all your fantasies I'll show you something hotter, yeah yeah

When I go out it's all on me
I buy my rocks I buy my rings
And the all black whip I got the keys
It go like woo

Some say I'm intimidating
They're intimidated, that's not on me
Show you my tricks but not for free

Baby don't you wanna play the game
All the warning signs but you still know you wanna
Cuz it's dark inside, but a beautiful crime
You can't run and hide

Better watch your back
Cuz i go off like a maniac
We like,
Where them girls, where them girls, where them girls at?
Where them girls, where them girls, where them girls at?

Oooo you don't know how to act
Cause I break rules yeah I'm always cracked
It be like
Where them girls, where them girls, where them girls at?
Where them girls, where them girls, where them girls at?

Look up
I look like a boss
I walk and talk like a boss
If you ever doubted I'm about it
I'm an ace it's your loss, yeah
Always hit my mark
We up, no cooldown, no no
And the ones who tried to cross me
KD, OP to zero

Baby don't you wanna play the game
All the warning signs but still you know you wanna
Cuz it's dark inside, but a beautiful crime
You can't run and hide

Woah woah
You better watch your back
Cuz i go off like a maniac
We like,
Where them girls, where them girls, where them girls at?
Where them girls, where them girls, where them girls at?

Oooo you don't know how to act
Cause I break rules yeah I'm always cracked
It be like
Where them girls, where them girls, where them girls at?
Where them girls, where them girls, where them girls at?
