

# Emily Osment, You are the only one

Forever is a long time, I`m not gonna lie  
Is that a promise you can make?  
Are we in the right place at the wrong time right now, I really need some space  
Together on the frontline, look me in the eye  
Tell it straight to my face  
Are we gonna work it out, or pack it in?  
Guess this is the chance we take

You are the only one that gets me, knows me, feels me, hurts me  
And you are the only one who`s close enough to drive me crazy  
Frustrate me, complicate me, make it harder than it, needs to be  
But the things that you do and the things that you say, make me wanna stay

Everything is all right, some of the time, are we going through a phose?  
Are we moving too fast, going too slow, am I just afraid to make mistakes?  
I wanna keep it real now, don`t make a sound , I wanna see it in your eyes  
Are we gonna shake it up or knock it down, but deep inside I know that we`ll survive

You are the only one that gets me, knows me, feels me, hurts me  
And you are the only one who`s close enough to drive me crazy  
Frustrate me, complicate me, make it harder than it, needs to be  
But the things that you do and the things that you say, make we wanna stay

Through the ups and downs, I do, I just wanna be with you  
Together in the frontline

You are the only one that gets me, knows me, feels me, hurts me  
And you are the only one who`s close enough to drive me crazy
