We took a break for a minute

And now we bangin'

But we been listenin to everything that you been sayin'

And now we comin' for everybody who be hatin'

From 06 through in...

Everything is shady's

We took a break for a minute

And now we bangin'

But we been listenin to everything that you been sayin'

And now we comin' for everybody who be hatin'

From 06 through in...

Everything is shady's

Kill the cash hard

Bout to smash frauds

Puttin' fast broads

Through the windport

I can handle narcs

When the candle sparks

You hit the ground

And I snatch the bandana

We ridin' out

Right before my album drop
My homeboys'll clap you down

[Somebody who sounds like he's holding his nose]

A born winner
Similar to familiar
County hound comin' to burn your whole city up
I catch ya up in the club
Empty the 5th on ya
You all know it's pussy
By Vivica
I'm the realest nigga
Ya wanna mob with me
If you a dealer nigga
You can get blocks from me
I hand rocks and jeans
The cream
Glocks and things
To mark seven
Throw 6
Got with the team
Now I'm on the scene
Reachin' out
Bein' a celebrity bring me more bitches
In a position to watch by more nitches
And place at the end of the plots
I hold niggas
Figures
Urban peaces, greases
Last week to the point a police was shot
And if niggas wanna know what I been bout lately
Nigga take it how ya want it
