

# Eminem, Tobey (feat. Big Sean, BabyTron)

Shit, fuck, shit

Boy, ha

Tobey Maguire got bit by a spider, but see, me, it was a goat  
If you want space, I hope you take your helmet off soon as you get up to Venus and choke  
Even while sleepin', be thinkin' so woke  
White Cartiers, all I'm seein' is dope  
My city Leia and I'm Obi-Wan, got a mission to pass, I just might be the hope  
Tobey Maguire got bit by a spider, but see, me, it was a goat  
If you want space, I hope you take your helmet off soon as you get up to Venus and choke  
Even while sleepin', be thinkin' so woke  
White Cartiers, all I'm seein' is dope  
My city Leia and I'm Obi-Wan, got a mission to pass, I just might be the hope

No español, I'm allergic to rojo and legally blind, all I'm seein' is "go"  
D to the A, there and back, if we ride with the Drac', can't smoke from the T to the O  
Upped in the bitch, you can keep what you owe  
Granny told me, "Boy, you reap what you sow"  
Do the most, we over, even the score  
Steady on the run, glued his feet to the floor  
Up in my Tesla, I'm rollin' up 'Ishers, I stopped at Valero, think I should quit smokin'  
Life is a gamble and I'm playin' slots, pull it down, close my eyes and I pray I win tokens  
All Wock', no pop, how we drive, you can come and take a baby sip, still tasted just potent  
One of one, sittin' 'round the stars, double R, finna race, hit the Wraith, like a spaceship it's floatin'  
All this drip, think I am below sea level  
Cut your own wrist off with that weak bezel  
Ride around with the Iron Giant, make 'em eat metal  
Watch unc' break a rock down to three pebbles  
Bam-bam, down three, hit the grand slam  
Four pockets full, fully switched, go wham-wham  
Pants cramp, pull it out, I'm countin' 'til my hands cramp  
Road DSM on the beach, not a sand stand

Boy

Ayy, ayy

They wanna bleed me and lead me to act like they need me, but fuck it, I do it alone (Woah)  
She wanna touch me and rub me and go back to hubby, he probably could smell my cologne (Damn)

I don't give a fuck about you when I'm focused  
Fuck all the drugs you take, I'm takin' over  
I paid attention, don't need no payola  
Can't take 'way from me, you just need to take cover (Frr)  
I can paint a picture like I made the stencil  
Fuck your whole image, I'm with Cole Bennett  
I don't know what the fuck they done told niggas  
I put all of my heart and my soul in it  
I met you in person, you so different  
I can't listen to you for a whole minute  
Took a blood test, ain't no ho in it  
Watch your motherfuckin' mouth 'fore I go in it  
They like, "No, he didn't," got 'em more invested  
If it's one thing I make, I make no exceptions  
I got new addresses, I got no reception  
I got love and hate comin' from both directions  
Bitch, I come from the D where they BMFing  
Where they movin' them keys like a chord progression

Grindin' shit out, gotta stay patient  
While you outside, we on staycation  
Locked the fuck in, ain't no playin' for real 'less you playmakin'  
I take the chances you hate takin'  
Fuck it, dog, I'ma go Wes Craven

They play with my name and I can't take it (Lil' bitch)

Tobey Maguire got bit by a spider, but see, me, it was a goat

How rappers I've already ripped could be (What?)  
Higher up on a list than me (Ha)  
Yet here I sit on your list though at five (Hm), which still was fine  
But just know inside, to me, that shit's hilarious, so when I (Haha)  
Get dissed though and by a pioneer  
Who was one of the reasons why I am here  
They tell me I should just let that shit go and slide (Why?)  
"Melle Mel shouldn't get no reply" (Why?)  
"That man is a legend," bitch, so am I (Haha, yeah)  
And anyone else who thinks it'd be wise and easy as pie  
To beat me and tries, can treat me just like poison (What?), they can eat me and die (Hehe)  
Middle finger stuck up, but I never conceded  
When have I ever retreated? (Never) You never seen it  
Every dream that I ever dreamt, I exceeded  
Cement my legacy, I definitely did controversy, I always said all I needed  
Treat it like a truck, hit it head-on, I meet it (Krrk)
