

# Eminem, Tragic Ending

yea this is a song about a tragic ending.....  
yea i was like 15 when it happend  
by best buddy dave saw it and started clappin  
he said it was good but u need some practice  
it was my 1st freestyle i was rappin  
now i been hated by many for the skills i possess  
but before i get put to rest im gonna give you the best  
because you bought my shit america is my bitch  
and all my fans can shoot themselves wearin bullet proof vests  
but everybody that thinks other than what they should  
could and would get put under the ground for good  
cuz if you fuck with me and if you fuck with d  
or d.r.e then you gonna feel the pain that was felt by me  
mutha fuckas
