hands up, officer don't shoot  
then pull your pants up  
promise you won't loot  
we may never understand each other it's no use  
we ain't ever gonna grasp what each other goes through

black boy /2x  
we ain't gonna lie to you  
black boy /2x  
we don't like the sight of you  
pull up on the side of you  
window rolled down, profiled  
and then we wonder why we see this side of you  
probably coming from the dope house  
we can let you slide but your tail light is blew out  
we know you're hiding that Heidi Klum on you  
and you're on another drug charge, homie  
it's back inside on you  
and just in case a chase might ensue  
we got that tried and true pistols drew at you we be delighted to unload it  
in your bedroom  
walk up and lay that taser in the side of you  
what the fuck am I gonna do?  
I keep telling myself keep doing like you're doing  
no matter how many lies you ruin  
it's for the red, white and blue  
time to go find a new one and split his head right in two  
no one's ever indicate you

cause you're a  
white boy /2x
