

# Eminem, We Are Americans

[Softly Singing]

There's an intruder in my house  
He cut my phonenumber, can't dial out  
I scream for police, but I doubt  
they gonna hear me, when I shout (heh)

[Verse1]

A couple of cocktails'll send me to jail  
There's a couple of cops hot on my trail but this time  
When I get pulled over, there's a Doberman Pincher  
And a Pitbull in the seat, these pigs will get bit foolin' wit' me  
Quit foolin' wit' me, bitch you're gonna see  
No pistol in the seat, why it always gotta be an issue when you're me  
And which you're gonna see in the long run, imma be the wrong one  
You wanna harass with this limo tinted glass flashin' that flashlight  
on my ass, where was you that last night when them assholes  
Ran up on my grass, rapper slash actor, kiss the crack of my cracker slash ass  
They took away my right to bare arms, what, i'm sposed to fight with bare palms?  
Yeah right, they comin with bombs, i'm comin with flare guns  
We as Americans

[Chorus]

We as Americans, us as a citizen, gotta protect ourselves  
Look at how shit has been, we better check ourselves  
Livin up in these streets through worse and through better health  
Survivin by any means; We as Americans, us as a citizen  
We are samaritans, what did we get us in  
We better check ourselves, look at how shit has been  
Take a look where you live  
This is America and we are Americans

[verse 2]

I'ma make a few bucks, wear a cool vest  
Drama hanging over my head like a voodoo hex  
I coulda been next to fly over the cookoo's nest  
But you know who, with a S tattooed to my chest  
But I finessed it, now I got the industry pissy  
Ever since me and Dre split it 50/50 on 50  
It's funny, we got a buzz spreadin quicker  
Then mankin' paper airplanes out of a twenty  
Fuck money, I don't rap with dead presidents  
I'd rather see the president dead  
It's never been said but I set precedents  
And the standards and they can't stand it  
My name shoulda been bastard, the shit shoulda been plastered  
On my forehead with a stamp, I shoulda been blasted  
I shoulda been had a cap put in my ass  
But i'm too swift and fast for that, i'm past it  
I'm too old to go and cruise Gratiot  
Fuck that shit! I dun seen how fast this rap shit  
Can turn into some pap pap shit that quick  
Snap click, but this time I got the fuckin au-to-ma-tic  
And no one gon' test this mind, clack click

[chorus]

We as Americans, us as a citizen, gotta protect ourselves  
Look at how shit has been, we better check ourselves  
Livin up in these streets through worse and through better health  
Survivin by any means; We as Americans, us as a citizen  
We are samaritans, what did we get us in  
We better check ourselves, look at how shit has been  
Take a look where you live  
This is America and we are Americans

[Verse 3]

I got a secret if you can keep it between us  
I tuck two Nina's under my jeans, either side of my penis  
Under my long johns, under my Sean Johns  
One run in with the long arm of the law, i'm long gone  
I'ma do five years, no less then that, no questions asked  
What might be a good idea, that I stop right here  
And quit while i'm ahead, already in the red  
Already got a steady infrared meant for my head  
A target on my back, bigger problems than that  
Bin Laden on my ass, he probably gon' send the task  
I ain't gon' even ask, they ain't gon' let me pack  
They ain't gon' give me my semi but I got my ... mack

[Chorus]

We as Americans, us as a citizen, gotta protect ourselves  
Look at how shit has been, we better check ourselves  
Livin up in these streets through worse and through better health  
Survivin by any means; We as Americans, us as a citizen  
We are samaritans, what did we get us in  
We better check ourselves, look at how shit has been  
Take a look where you live  
This is America and we are Americans
