

Emjay, Sound Of My Heartbeat

1 2 3 let's go

..... to the..... and you glance at the night
..... new am I
I got something strong from a cross
I turn around and it really got me

Listen to the sound of my heartbeat tonight
Now you can't deny cause this feeling's right
Listen to the sound of my heartbeat tonight
So won't you slide over here and groove with me

You move with the crowd as you shows it
You something good but it's not enough
So game and I walk away
That you see and it really me

Listen to the sound of my heartbeat tonight

Now you can't deny cause this feeling's right
Listen to the sound of my heartbeat tonight
So won't you slide over here and groove with me

My lo-o-o-ove
Listen to the sound of my heartbeat tonight
My lo-o-o-ove
Listen to the sound of my heartbeat tonight

If you come with me, don't wanna no lies
If you love me right I might just be surprised
Come on get it on, I ain't got much time
When I came around it was like a dream to me

Break it down
Beat beat
Sound of my heartbeat
1 2 3 let's go
