

# Emjay, Wonderful Girl

There she was  
She was standing in the doorway  
I looked at her and she looked at me  
At that moment I knew she liked me  
I could tell by that smile oh her face...

Chorus  
Oh what a wonderful girl  
She seemed to be  
She had wonderful eyes  
They were so pretty  
And every time she was around  
She was the wonderful girl that I found  
Oh so pretty, oh so fine  
I always wish that she were mine...

She goes to my school  
She's in my class  
I can't just help looking at her ass  
And then one day she came up to me  
And suddenly she said she loved me....

Chorus

Just when I thought I had a chance  
I found out that she had a boyfriend  
I always dream of her beautiful face  
But I no that I will never have her...

Oh what a wonderful girl  
She seemed to be  
She had wonderful eyes  
They were so pretty  
And every time that she was around  
She was the wonderful girl that I found  
Oh so pretty, oh so fine,  
I always wish that she was mine

Oh so pretty, oh so fine  
I always wish.. that she was... mine...
