

Emma Andersson, Celebrate Me

I, I don't need your sympathy
'Cause I know that this always happens to me
So why do you care?
Why do you call to share my misery?
But I swear that I come alive for every want to see

So celebrate me
(Cele-cele-celebrate me)
I come alive
Stay away from me
(Cele-cele-celebrate me)
Celebrate me

You give me the creeps
You make me feel I'm no where to be found
I feel cheap, thinking maybe
I ought to stick around
But baby I know my life start suite you
We have a special bound
But obviously you're too proud to say
I kept you safe and sound

So celebrate me
(Cele-cele-celebrate
I come alive
Stay away from me
(Cele-cele-celebrate me)
Don't need your sympathy

Celebrate me
(Cele-cele-celebrate me)
Just stay away from me
(Cele-cele-celebrate me)
Celebrate me

Do you remeber when the future seemed so bright?
But suddenly you walk away and shut the light

So celebrate me
(Cele-cele-celebrate me)
I come alive
Stay away from me
(Cele-cele-celebrate me)
Don't need your sympathy
Celebrate me

So celebrate me
(Cele-cele-celebrate me)
I come alive
Stay away from me
(Cele-cele-celebrate me)
Don't need your sympathy

Celebrate me
(Cele-cele-celebrate me)
Just stay away from me
(Cele-cele-celebrate me)
Celebrate me

Celebrate me...

So celebrate me...
