

Emma Andersson, I Believe

I Believe

-

We are close
I can almost hear you breathing
Every sight
Is a gift for a heart on the mend

Got to go
But I stay cause I feel alive
I don't know what it is
But I don't really care

I believe...
In whatever you say
I believe...
In whatever you do
I believe, I believe, I believe
in you

I cling on the words that you say
When you talk there's a whole new meaning
I'm lost
But I don't really care if I'm found

What is wrong
What is right
What about tonight, my baby

Try to run
But I can't there is something about
Those eyes

I believe...
In whatever you say
I believe...
In whatever you do
I believe, I believe, I believe
in me
When I near you...

I'll try to open up
I'll try to let you in
And give away the secrets that I keep within

I will close my eyes
And take this leap of faith
And when I change my mind
it will be way too late

I believe
In whatever you say
I believe... (I believe)
In whatever you do
I believe, I believe, I believe
in me
When I near you
