

Emmanuelle Seigner, You Did This To Me

I can't think
I can't speak
Try to move
But I feel so weak, so weak
I can barely breathe
Oh can't you see
You did this to me /x2

I'm a mess
Can't get straight
Try my best
But I just can't concentrate
I'm in another state
Oh can't you see
You did this to me /x2

I've been trying to find my way
But you left me in this area
I was trying to see the light
But now I can't tell day from night
Among from night

It's too much
For me to take
You've given me
A feeling I can't shake
I just can't shake
Oh can't you see
You did this to me /x2
Oh can't you see
You did this to me /x2
