

# EMMI, No Nothing

no clothes no hair no nothing  
no scares no guilt no nothing  
no crave no taste for nothing  
no no sleep no need no nothing

i own your throne

these silverspoons give nothing  
they suck my sweet for nothing  
i open doors for nothing  
i won't compare to nothing

i own your throne

don't you cry for me honey  
don't you wait for me honey  
don't you cry for me honey  
i'm gone
