

EMMI, No Nothing

no clothes no hair no nothing
no scares no guilt no nothing
no crave no taste for nothing
no no sleep no need no nothing

i own your throne

these silverspoons give nothing
they suck my sweet for nothing
i open doors for nothing
i won't compare to nothing

i own your throne

don't you cry for me honey
don't you wait for me honey
don't you cry for me honey
i'm gone
