

# Emmylou Harris, Heaven Only Knows

(Paul Kennerley)

Every night it's the same  
I feel your heart turn cold as rain  
And know that you'll be gone again  
I hear the front door close  
You say you got to go downtown  
I guess there's someone else you've found  
So why you're still coming round  
Heaven only knows

Heaven only knows just why loving you should make me cry  
Make me feel like I could die  
That's the way it goes  
Heaven only ever sees  
How love's made a fool of me  
I guess that's how it's meant to be but  
Heaven only knows

I've heard it said that talk is cheap  
But still your words they cut so deep  
Lay me crying in my sleep  
And the pain just grows  
I don't know who's right or wrong  
But all we had is dead and gone  
So why you keep me hanging on  
Heaven only knows

Heaven only knows just why loving you should make me cry  
Make me feel like I could die  
That's the way it goes  
Heaven only ever sees  
How love's made a fool of me  
I guess that's how it's meant to be but  
Heaven only knows

I'm going to turn and walk away  
There's nothing left for me to say  
It wouldn't change things anyway  
Though, I suppose  
The love I gave was always true  
Well, I don't know what else to do  
And how I'll ever get over you  
Heaven only knows

Heaven only knows just why loving you should make me cry  
Make me feel like I could die  
That's the way it goes  
Heaven only ever sees  
How love's made a fool of me  
I guess that's how it's meant to be but  
Heaven only knows
