

Emo Side Project, Every Night And Day

I take a drink of your voice
what it taste like
I can't describe
how it feels and how to live
I could write a whole
book about feeling like this
on a window seal
I put my heart and carve out our names

but I would do anything
to have you back with me
and its all just a coincidence
we met up tonight
at place where first
I first saw your eyes

is it so wrong just to feel like this
when everyone surrounding me
is so happy and I want you now
more than I ever did
but youre not here
and I feel so terrible tonight

but I would take back what I said
cause I didnt mean to say what I did
and I know I mess everything up
but I tried my hardest
to be a good friend to you
