

Emo Side Project, I Want To Sleep, So I Can Dre

i had a dream that i was on a boat
in the middle of the ocean i was all alone
i had a dream i was flying through the clouds
but i was hit by a plane and splashed into the ground
i had a dream that you loved me
but it was just a dream
it could never come true

i had a dream that i was on a shooting star
in the sky so up above i was all alone
i had a dream that i was a butterfly
inside my stomach when i talk to you
i had a dream that you kissed me
but it was just a dream
it could never come true

i had a dream where we had the perfect day
story telling, lots of laughing you would say
i love you more than anything
and if you'd say it back i promise we could be..
and then i woke up
it was just a dream
but it might, it just might
whos knows it might, it might
oh it could, it might...come true
it might be the last thing i ever do

i had a dream we would lay there in the sun
just giggling, me and you all alone..
i had a dream where i would write you lots of songs
and you looked up at me and sang the words you knew
"i love you more than anything that i have ever loved"
you're a dream, but you're real
