## Emo Side Project, Is This What You Wanted

is this what you wanted? is this what you needed? all these lies that you've been feeding me is this what you hoped for? is this what you thought would come of us? of us...

is this what you wanted? is this what you needed? you left me to cry you left me bleeding is this what you hoped for? what ever happened to forever? to forever...

was i what you wanted? was i what you needed? i guess not since you left me so easily was i what you hoped for? was i good enough for you?
