

Emo Side Project, Strawberry Shampoo

blah blah blah she left me
alone to cry today
and you say you're for me
well eff this love just ain't for me
maybe another day
sometimes it has to be this way
blah blah blah broken heart
another emo song for her

da da da da im in love with you
da da da da im in love with you

whoaaa

blah blah blah cried today
for her I guess I am just another
alone loser kid
that probably never will get laid
but who really gives a eff
not me, and im not growing up
don't tell me to be happy
because it's just impossible

da da da da im in love with you
da da da da im in love with you

whoaaa

blah blah blah what's the smell
strawberry shampoo can't you tell
on her it smells like poop
on me it's the shiznit
she said that I sucked hard
and that my whoa was small
well you can go to hell
and you really smell
