

# Emo Side Project, The First Day Of School

the first day of school, i noticed her  
walking in the hall with her hair down  
and her boobs out looking fine  
i said hey, whats up  
and she just slapped me  
i said, what the fuck and just moved on

that's the story of how i first met her  
and i was already in love  
that's the story of how my life got better  
she gave me a boner

it just so happens that she was in every single class with me  
i could see her eyes rolling back  
and she sat in the back and enjoyed the show  
and i still could not be with her  
she was a hoe, but that's alright, that's ok  
as long as she didn't sleep with every other guy but me

and every time i'd ask her out  
she'd say no but i didnt give up! no i didn't give up  
i'll never give up..

that's the story of how i first met her  
and i was in love  
and she wrote me a letter that said leave me alone  
and i said no-oh-oh! i will not leave you alone  
and she called the cops  
and i said uh oh spaghettios
